NEW YORK (AP)—A two-week-old harbor strike that had caused a paralyzing railroad tieup throughout much of the East was ended today by tentative agreement on a new work pact.

Mediators, including President Kennedy's new secretary of labor, Arthur J. Goldberg, met in a marathon 14-hour session that ended with the announcement of a settlement at 6:18 a. m.

The strike of railroad tug and ferry boat workers against 11 railroads that operate in New York harbor had crippled the city's commuter transportation, forcing 100,000 persons to look for other means of getting to and from work.

The walkout of the 664 workers in three marine unions on Jan. 10 had also virtually shut down the New York Central and the New Haven railroads.

Both sides said they hoped to get back into operation by Tuesday morning.

The unions have called a ratification meeting for later in the day at the Seafarers International Union headquarters in Brooklyn.

Both sides were expected to okay the pact.

Both Mayor Robert F. Wagner and Gov. Nelson Rockefeller, who had invited Goldberg to attend the sessions, praised the new labor secretary for his contribution to the settlement.

Goldberg flew to New York less than 24 hours after he had been sworn into Kennedy's Cabinet.

The key to the settlement was an agreement to postpone the touchy issue of job security. The

## Mercury Slides Below Zero In Northern Illinois

By THE ASSOCIATED PRESS

Below zero weather spread through the northern half of Illinois Monday, while pre-dawn readings in the southern half mostly were in the low teens. Highs for the day were not expected to rise much above 15.

The outlook for Tuesday was for increasing cloudiness and continued cold weather with highs ranging from 12 to 20 in the south and 15 to 20 in the north.

Forecasters said near zero temperatures, with a few below that mark, are expected to blanket northern Illinois tonight with temperatures ranging from 10 above in the south.

There were widely scattered icy spots on highways through the state Monday.

The Weather Bureau's five-day forecast calls for temperatures averaging 4 to 8 degrees below normal in the north with normal highs ranging from 28 to 33 and normal lows ranging from 12 to 19. Very little moderation is due before Friday or Saturday and only a few snow flurries in a day or two. In Southern Illinois, temperatures will average 5 to 10 degrees below normal with the normal highs ranging from 36 to 44 and the normal lows ranging from 18 to 25.

Sunday's high temperatures and the overnight lows included:

Vandalia 24 and 5; Belleville 25 and 10; Quincy 15 and -1; Springfield 16 and zero; Rantoul 12 and zero; Chicago Midway Airport 11 and 6; Moline 10 and -6; Peoria 10 and -4; Rockford 10 and -3; Chicago Grant Park 10 and 2; and Dubuque, Iowa, 9 and -4.

## Suggest Easy Way Out As Experts Disagree

CHICAGO (AP)—"The grammar of the passenger department is deplorably weak," asserted Vice President C. E. Spens of the Burlington Railroad, surveying a sentence for an institutional advertisement.

It began: "For within this tremendous area is produced: two thirds the oats, more than half the corn, more than half the barley, half the wheat."

"Are produced" is the correct form," declared Spens.

Not so, said P. S. Eustis, passenger traffic manager who had submitted the layout. He quickly produced a University of Chicago opinion—for "is."

Probably got that from the football coach, retorted Spens, and issued an SOS. "Are" is correct, opined Northwestern University.

"Is" it is, said Harvard. "Are" it is, said the Literary Digest.

## Say Red China's Food Crisis Sparks Drives On Regime's Foes

By ALAN CLINE

TOKYO (AP)—An announcement from Peiping indicates unrest and sabotage brought on by a drastic shortage of food is bringing new drives against opponents of the Red regime.

A voluminous communique issued after a meeting Jan. 14-18 of the top Chinese command in Peiping referred again and again to the food shortage, which was blamed on the "most severe natural calamities in a century following upon serious natural calamities of 1959."

The Communists reported last month that 150 million acres were hit by these calamities. No figures were listed in the latest report, but it left no doubt about the seriousness of the problem.

The official New China News Agency reported a four-day cold wave in Kwangtung Province, South China, destroyed part of the winter crop, especially sweet potatoes, a staple food of the toiling masses.

The Peiping communique said, the agricultural setback led to a shortage of raw materials for light industry. The leaders ordered that new sources of material along with increased production be achieved to "ensure the supply of the people's daily necessities as far as possible."

"The tasks in 1961 are extraordinarily great and arduous," the communique said, "but the difficulties can be overcome."

The Communists claimed that more than 90 per cent of the population is loyal to the Red regime and is putting up with "temporary difficulties."

However, it reported "an extremely small number of landlord and bourgeois elements have not yet been sufficiently reformed and are always attempting a comeback."

This element was charged with taking advantage of the difficulties, along with "some shortcoming in the work at the lower levels to carry out sabotaging activities."

The communique added that China had a few minor Communist party officials who "although good-willed and well-intentioned, are inadequate in their ideology and consciousness."

"They lack understanding of the fundamental policies of the party and government," the communique said, reporting a sort of back-to-school movement called rectification.

## SEEKING CAUSE OF HUGLE PLANE CRASH

HONOLULU (AP)—Navy investigators tried to learn today why a huge Constellation crashed in flames Sunday, taking nine lives on Midway Island.

Sixteen members of the 22-man crew of the 70-ton radar picket plane survived with minor injuries.

Three members of a crash crew died when the blazing aircraft slammed into their truck Sunday at 2:04 a. m.

A Barber's Point Naval Air Station spokesman said the Hawa-ii-based plane touched down, swerved suddenly, flipped on its back and burst into flames as it smashed into the truck.

It was?

In all, 22 schools and magazines were queried. The result: 12 votes for "are," 6 for "is" for either 2 and 3 abstentions.

Spens and Eustis and the Literary Digest are dead but the controversy still is not settled.

The Chicago, Burlington & Quincy Railroad recently came across a booklet chronicling the word puzzle and decided to resurvey. The results, released today: 14 for "are" 1 for "is" and 1 for "either." Six didn't answer.

The Universities of Chicago, Pennsylvania, Princeton, Harvard and Temple switched their "is" votes to "are." None reversed from "are" to "is," but Boston University maintained its earlier "is" vote, declaring, "technically speaking, any grammarian would say 'is' is the correct word."

Eustis and Spens, the original combatants, settled their argument with a flip of the coin. It turned up "is."

But Holy Cross in Worcester, Mass., which in the resurvey amended its original "are" to "either," suggested another solution: rewrite the sentence.

## Winter Holds Wide Areas In Icy Grip

No immediate general break in the frigid weather was indicated but some warmer weather appeared on the way for the chilled Gulf states.

## Say Involved In Embezzlement Of \$2 Million

SHELDON, Iowa (AP)—Two of Sheldon's leading citizens—a bank cashier and the president of its biggest industry—were in the same jail today, accused of participating in a \$2-million bank embezzlement.

EUGENE KISTNER JR.

Federal agents arrested Harold Eugene Kistner Jr., 35, Saturday night at his home. He was taken to Woodbury County Jail in Sioux City, where Burnice Geiger, 56, has been held for a week. She has admitted the embezzlement that closed the bank, police said.

Mrs. Geiger was assistant cashier and a member of the board of the Sheldon National Bank. Kistner, charged with aiding and abetting Mrs. Geiger in draining sizable sums from the bank, was the former president of the Northern Biochemical Corp.

Mrs. Geiger, the principal stockholder in Biochemical, owned more than a third of the firm's shares.

Elliott Roosevelt, son of the late president, was scheduled to speak to Biochemical employees today in a meeting open to townpeople. Roosevelt is economic adviser to the firm, which mixes and sells animal feeds.

The company closed its plant Sunday for the first time since last April. It had been operating on a six-hour, four-shift basis, seven days a week.

No reason for the shutdown was given. Operations began again at midnight with the full shift returning to duty.

Mrs. Geiger was visited Sunday by her husband Wallace, a Sheldon merchant, for the first time since she was jailed last Monday. He announced two Sioux City attorneys had been employed to represent her.

Authorities said Kistner was accused of helping Mrs. Geiger drain large sums of money from the bank. They said he wrote checks without having the money on deposit and Mrs. Geiger apparently accepted the checks but did not charge the amounts to Northern Biochemical's accounts.

Kistner was fired as president of the company by the board of directors last Friday after numerous criticisms by Roosevelt of the firm's financial system, and after it was revealed that Kistner had been convicted of the illegal sale of securities in Nebraska several years ago.

A furniture store was destroyed and three other buildings damaged in downtown Paris. Loss of the Wiltmer furniture store and its contents was estimated by the owner at \$125,000.

In the aftermath of the Paris fire, the town's water supply was dangerously lowered and officials appealed to citizens to conserve.

A downtown Watska blaze which started in living quarters on the second floor and destroyed the building and a third hall on the ground floor was fought by fire departments from Watska, Woodland, Sheldon and Martinson. The owner of the billiard parlor estimated damage in excess of \$15,000.

In DuQuoin, the Dowell Baptist Church was leveled despite efforts of fire departments from Dowell, Elkhart and DuQuoin. Damage estimates were not disclosed.

Cause of the three fires was not immediately determined. There were no reports of injuries.

## MAN, WHOSE HEART FAILED ONCE THEN RESTARTED, DIES

MILWAUKEE (AP)—A 78-year-old man, who previously had been declared dead and then found to be alive when taken to the Milwaukee County morgue, died Sunday.

County General Hospital attendants said that Leo Hoppel of Milwaukee did not regain consciousness after he had been taken there from the morgue Friday night. The cause of death was listed as a heart condition.

Authorities said Hoppel had been under treatment for throat cancer. They speculated that his heart may have been restarted in a bump in an ambulance ride to the morgue.

## Ike Leaves In Snowstorm For Warmer Georgia

YORK, Pa. (AP)—Ex-President Dwight D. Eisenhower's plane took off in a snowstorm today carrying him to Georgia for some warmer weather, he hopes, and bird hunting.

Eisenhower made the 20-mile drive from his Gettysburg Pa. farm in a station wagon over snow-covered roads.

The plane—privately owned by Eisenhower's Georgia host—took off for Albany, Ga., from a runway that had been cleared of snow.

In the Eisenhower party were four newsmen; the doctor who was with him in the White House, Maj. Gen. Howard M. Snyder; and Dick Flohr, Secret Service agent who is on annual leave as Eisenhower's aide.

The former president is making the trip in the two-engine plane of W. Alton Jones, chairman of the board of the Cities Service Co., on whose 15,000-acre plantation Eisenhower plans to get in some quail shooting.

Eisenhower is expected back within a week or so to join Mrs. Eisenhower for a trip to the Southern California desert.

They are expected to spend about two months at Desert Palm, where they have rented a house overlooking the El Dorado Golf Club. While there the former president plans to get in a lot of golf, sunshine and rest.

## Warns Cubans Against New Kennedy Regime

HAVANA (AP)—Maj. Ernesto Guevara warned Cuban civilians Sunday night to remain alert so that if "the new Kennedy administration threatens us we will be ready to go back to the trenches."

Cuba's pro-Communist economic chief sounded the warning at a rally of demobilized militiamen at a seacoast town 40 miles west of Havana. He urged the men to go back to work now that the three-week "invasion" alert was over, but cautioned them to be prepared.

Fidel Castro told provincial delegates of the Agrarian Reform Institute that his government would give 80,000 small farmers in Oriente Province credits to spur cultivation of coffee and cocoa.

He also announced creation of "children's farms" to be incorporated in the "people's farms," which raise vegetables, chickens and rabbits. Children over 10 will be eligible to work on the farms.

Cuba and the Soviet Union also will exchange a thousand children to work and learn on each other's youth farms, Castro said.

Soviets Jail Author's Friend; Book Banned

LONDON (AP)—Soviet authorities have finally confirmed persistent reports that they have jailed Olga Irvinskaya, close friend and collaborator of the late Boris Pasternak.

Moscow radio said this weekend that Mrs. Irvinskaya and her daughter, Irina, 23, had been convicted of taking 800,000 rubles (\$80,000) in royalties from Pasternak's disputed novel "Dr. Zhivago." The book was banned in the Soviet Union, apparently because of its anti-Marxist overtones. It was a best seller abroad.

The Moscow broadcast did not mention the prison terms, but it had been reported in the West that Mrs. Irvinskaya got eight years and her daughter three.

## Below Cabinet Level—

## Senate Considers Kennedy's Nominees

By EDWIN B. HAAKINSON

WASHINGTON (AP)—Senate leaders hope to win confirmation today for 13 of President Kennedy's nominees for positions below Cabinet level. At least two nominees face some opposition.

The Cabinet was sworn in Saturday afternoon a short time after it won Senate approval.

Sen. Wayne Morse, D-Ore., served notice he was opposed to the selection of John B. Connally Jr. of Texas as the new secretary of the Navy because of his past ties with the oil industry.

Sen. Norris Cotton, R-N.H., has announced he is against approval of Chester Bowles as undersecretary of state. Bowles, a former member of the House, was a foreign policy adviser to Kennedy during the campaign.

Cotton questions Bowles' attitude toward future relations with Red China, although the nominee has testified he opposes immediate recognition of the Communist Chinese regime or its admission to the United Nations.

Majority Leader Mike Mansfield, D-Mont., put senators on notice he hoped to complete confirmation today on all of the Kennedy nominees who have been approved by committees.

The Senate voted Saturday to confirm Adlai E. Stevenson as U.S. ambassador to the United Kingdom. (Continued On Page Nine)

## Weekend Fires Across Nation Claim 39 Lives

By THE ASSOCIATED PRESS

Weekend fires across the nation took the lives of at least 39 persons, including 20 children.

In Pasadena, Md., flames broke out in a frame house early today and seven young children and an adult caring for them were killed. The dead were Donald L. Green, 9 months; his sisters and brothers, Maryland, 2; Winifred, 3; Yvette, 4; Joeline, 5; Aaron, 6; a cousin, Regina Wright, 10, and an uncle, Bernard Green, 33.

Parents of the Green children, Negroes, were visiting neighbors when the blaze broke out shortly after midnight in the community halfway between Annapolis and Baltimore.

In New York early Sunday, a mother and six of her nine children died when a fire swept through their tenement apartment in the Williamsburg section of Brooklyn.

The victims were Anna Fancher, 36, and Charles, 4; Howard, 8; Josephine, 7; Nancy, 3; Florence, 2, and Helen, 1.

Police theorized that Charles might have started the blaze in playing with matches. He was spanked a month ago by his father for playing with them.

The explosion of an oil stove was blamed for a fire Saturday that killed two persons in Marlinton, Ohio.

## Talks With Defense, State Aides

By JOHN SCALI

WASHINGTON (AP)—President Kennedy launches a sweeping review today for the master plan his administration will pursue in its quest for a safeguarded peace with the Communist bloc.

At the start of his first week in the White House, the new chief executive set up morning and afternoon conferences with his secretary of state, Dean Rusk, and Defense Secretary Robert S. McNamara.

The double conference—the only announced business on his agenda today—demonstrated the priority Kennedy attaches to seeking an easing of East-West tension while beefing up the nation's defenses.

A grim reminder of troubles ahead reportedly came in a secret message from Ambassador Llewellyn E. Thompson who met Saturday in Moscow with Soviet Premier Khrushchev.

Thompson's cable was understood to report that Khrushchev—while talking hopefully of an agreement with the Kennedy administration—in private had adopted the same tough, unyielding position on issues that wrecked previous Western hopes.

Kennedy got a preview during a White House luncheon Sunday of Rusk's thinking about Khrushchev's maneuvers. Undersecretary of State-designate Chester Bowles also attended.

## Dirksen Planning Own Bill To Aid Depressed Areas

WASHINGTON (AP)—Sen. Everett M. Dirksen, R-Ill., Senate minority leader, says he'll introduce a substitute for the \$389 million depressed areas bill sponsored by Sen. Paul Douglas, D-Ill.

Dirksen said Sunday his bill will call for a \$180 million outlay. He also said he isn't inclined to go along with a Social Security approach to medical care for the aged, even though some Republicans may favor it.

President Kennedy strongly backs the Social Security approach and is committed to strong action to combat unemployment in economically depressed areas.

Appearing on a television program taped for New York stations by Sen. Kenneth B. Keating, R-N.Y., Dirksen said Republicans in Congress will fight any increase in government spending. But generally speaking, he said, he didn't see why the President and Congress couldn't get along.

The Senate Banking subcommittee already has begun hearings on the Douglas bill, which provides for federal loans and grants to enable industrial and rural areas with long-term high unemployment rates to build new plants and facilities to service them.

push another lever when she's through counting.

Notty's talking to human ears sounds like a cat in anguish. She also makes noises humans can't hear.

Dr. Rene Engel, head of oceanic research at NOTS, has caught these noises on tape and now is working on a generator to duplicate them.

"Our first step," says Engel, "will be to determine what sounds Notty reacts to. Then we will observe what she does after each type of sound. If we can learn to give orders, maybe she can learn to talk back."

This seven-foot, 200-pound porpoise—she probably will grow to twice this size—also has been taught to wear a collar.

Unless she's smarter than scientists think she is, Notty doesn't know that his collar could be built to contain explosives which could be detonated whenever she approached an enemy vessel.

The collar also could house submarine-detection instruments, but why bother? If she can be taught to talk and count, the day may come when deep-diving Notty will swim alongside an American picket boat and yell:

"Hey, skipper, I just spotted four enemy subs off Kodiak Island at 100 fathoms."

## Talkative Porpoise Entertains Navy Men

By RALPH DIGHTON

CHINA LAKE, Calif. (AP)—That porpoise the Navy started training a year ago has turned out to be unpredictable and talkative, is expected to swim at speeds of 30 to 40 knots and talking is the best trick she's learned so far.

Expected to swim at speeds of 30 to 40 knots—and thus show scientists how to build faster submarines—she still hasn't gone faster than 16.

Scientists hope to overcome her aversion to speed by giving her more room, perhaps an inlet fenced off with antisubmarine netting. Her speed runs so far have been made in a narrow, 315-foot-long tank.

Her ability to talk delights Navy scientists. They're building complicated electronic gear in the hopes that, by duplicating her sounds, they can actually hold conversations.

The porpoise, called Notty after the initials of the Naval Ordnance Test Station here, has learned another trick. She can count out her age, which is four.

She does this by nudging a lever in her private pool. Her trainer, psychologist Ron Turner, says there's no chance that she says there's no chance that she says there's no chance that she

is just luck. She's been trained to land at 100 fathoms."

## Editorial Comment

### With All Good Wishes

Dwight David Eisenhower goes to his Gettysburg farm with all Americans wishing him well and voicing their thanks for a half century of public service ably, earnestly and devotedly performed.

He leaves the White House virtually as popular as when he entered it eight years ago. Not even Franklin D. Roosevelt maintained his standing with the people at so generally high a level over the years.

Eisenhower's days in the White House were marked by many grave trials and many odd, ironic twists of circumstance.

He was the military hero summoned to high office as a nonpolitician. Yet many students of the American presidency see politics as the president's great lever with both Congress and the people.

Eisenhower nevertheless sought to lead the nation without the uses of politics. Aware of why he was chosen, he tried to keep himself above the political arena.

This happened also to suit his inclinations. He disliked politics, and his concept of the presidency led him to favor presenting and gently urging his programs—but only occasionally pressing for them.

By the same token, he was ever the man of human decency who tried to persuade his countrymen not by pressure but by example. He was a symbol of freedom who counted on his mere presence, at home and on good will tours abroad, to set forces of good in motion.

If, as some say, he early intended to remake the Republican party in a different image, he did not pursue this goal long. The candidate of his party's liberals, he came to be judged, in domestic matters, as more conservative

than the man he beat in 1952 for the nomination, the late Senator Taft.

His real preoccupation, in any event, was the dogged pursuit of lasting peace. He was the celebrated soldier, one of the architects of battlefield victory in World War II, who had learned to abhor war and wanted above all else to hand down peace as his presidential legacy.

In his farewell to the American people he candidly confessed his great disappointment at having missed this goal. He spoke with evident sadness of all that remains to be done.

The good will he has spread to all corners of the earth, and can still spread as a distinguished private citizen, he has been unable to convert into the precious currency of enduring peace and understanding. It could have been the most remarkable monument ever earned by a soldier.

But Eisenhower knows he has earned the deep gratitude of Americans for the full dedication with which he served in the frustrating, lingering half light of cold war.

He performed his duty as he saw it, never deceiving the people as to his beliefs or purposes, or the state of his health. They are grateful he could surmount three major illnesses and keep at it.

To a nation in 1952 weary of war and crisis and bickering politics, he brought a relative breathing space and set a quieter tone. Whatever else the historians decide, surely they will agree he gave the country the kind of government it wanted.

What they will puzzle over longer is whether, at all stages of this critical time, he gave the nation the government it needed. And they must also answer the tantalizing question whether any man could have.

### We the Women

In a recent magazine article called "What's His Ours" or "What Every Woman Knows About Money," the author (a woman, naturally) explains in words that even a very young and inexperienced husband can understand the feminine attitude toward things financial.

Perhaps the hardest thing for men to understand is that special fund all women seem to have which must never be spent for anything that a husband might conceivably pay for without protest.

This is considered "found money" and it is found in many ways. It is any money the wife earns, any gift of money, any of the husband's poker winnings that the wife finds out about, any dividend or cash refund, and so on.

The major difference between found money and ordinary income is that a woman wouldn't think of using found money for any of the real necessities of life—such as rent, food, clothing, or straightening a crumpled fender, picked up by the wife at a shopping center.

Found money is the wife's to do with as she pleases and no husband may even dare suggest how it should be used. It is tucked away to be forgotten by everyone but the wife until something comes along that is absolutely irresistible to her feminine heart.

And then out comes the found money to purchase what would be an extravagance if it came out of the budget—but which the wife feels she has every right to splurge on if she can manage it out of found money.

It's hard for a wife to make her husband understand such high feminine finance as "found money." But maybe this will give all husbands an idea of why it is entirely logical to a wife to assume that what her husband earns is their money and what she "finds" is hers.

### In Hollywood

By BOB THOMAS  
AP Movie-TV Writer  
HOLLYWOOD (AP) — Portrait of a free man: James Garner. He is bright of eye, light of foot and quick of wit.

But then, Garner was all these things even under his subjugation to Warner Brothers. If he seems more so, it is because he is virtually a free agent and hence can collect a pot of Hollywood gold for his very own.

The handsome Oklahoman was at work—his first film job in a year—shoots a segment of "Angel" with Annie Farge and Marshall Thompson.

"What a breeze, not being in every scene," said the onetime "Maverick."

There are no more Mavericks in Garner's future. Recently he won his suit for freedom from Warner Brothers. The studio is appealing, but the actor estimates the chance of a reversal at 700-1.

Why did he choose a TV comedy in which to return? Garner rubbed together the thumb and first two fingers of one hand and said: "But it's also a cute script."

He said: "And I play myself in it. I'm also doing the Bob Hope and Dinah Shore shows as myself. That is all I will do in television. I won't do any more roles."

TV adherents might accuse him of treachery in turning his back on the medium that made him famous. Garner couldn't care less.

"The simple fact is that you last longer in movies," he said. "A top film name can always do a TV series. But a TV series star has no place to go to but to another TV series."

"Listen—I'm well aware of the fact that no TV star has been able to make the big time in movies. But I'm sure going to try. I think I might have more luck than the other because I'm versatile."

"I'll admit I didn't have much luck with features at Warner's. That's because they were all blue-eyes. That's a word I invented to fit the kind of pictures I got—blue-eyes!"

Garner's film fortunes will be given a better chance, judging from the offers he's getting. He has been talking about doing "The Children's Hour."

That's not bad company—William Wyler as producer-director and Audrey Hepburn and Shirley Maclaine as co-stars, he said. "So far, we've only been talking."

The actor has also been hearing sweet talk from studios that want him for a picture-a-year deal. But after his years at Warner's, he's not falling for that dodge.

Nor is he interested in the dozens of offers for TV series, despite the fact that he is being courted by them. Most are for half ownership, and one agency even offered a percentage of its own earnings.

"Thanks, but no thanks," says the happy maverick (make that small m).

### 'The Fast Draw' Leaves Crippled in Its Wake

By Harold Thomas Hyman, M.D.,  
Written For NEA

In an article in the Western Journal of Surgery, Dr. J. V. Brown has described a series of 16 cases in which gunshot wounds of the leg were caused by what he calls "The Fast Draw Syndrome."

The origin of Dr. Brown's paper is, of course, the present day Western, shown in the movies or on TV with monotonous regularity.

I'm sure you know the formula for the fast draw. Good guy and bad guy meet in the town's main street. They approach each other as remaining members of the cast run for cover.

Suddenly the bad guy pulls his gun. But the good guy is quicker "on the draw" and "fills him full of lead."

Wherever the villain dies without a struggle only to be replaced after a short delay by another bad guy who pulls his gun only to meet the same fate at the hands of the "faster draw" and so on and on and on as long as the sponsor sells his product.

In the real life cases observed by Dr. Brown, a "young man in his late teens or early twenties presents a small caliber gunshot wound of the lower extremity, accidentally self-inflicted while practicing the "fast draw." Too slow on the draw and too quick with

his trigger finger," he fires the weapon before it is disengaged from the holster and shoots himself in his right foot.

In a more serious modification of the accident, called "The Dodge City Syndrome," and apparently very familiar to Chicago as well as other police officers, a bullet of larger diameter is fired from a .45-caliber gun.

Under these circumstances, the point of entry is apt to be behind the knee in the vicinity of the large vessels that bring blood to and from the foot. The wound is deeper and more gaping and the damage inflicted may produce permanent crippling if not amputation.

Commenting editorially on the situation to which Dr. Brown has so forcibly drawn attention, the Journal of the American Medical Association suggests that those who profit from these gangster and horror shows ought to be made to make their programs more realistic by showing the disfigurement, invalidism, lameness, blindness, coma, headaches, job loss, economic costs and family miseries that follow these TV slugfests, shootings and related acts of senseless violence.

### So They Say

Every day I am becoming more and more convinced that the decisive and final struggle for domination of the world will be fought in this continent (South America).—Outgoing President Juscelino Kubitschek of Brazil.

Everything is harmonious and I love harmony. Everything is sweetness and light. There was a beautiful and healing agreement.—Sen. Everett M. Dirksen, (R-Ill.) as conservative and liberal Republicans clash ranks in Congress.

There's a little murder and a little suicide in every man's heart. Give him such a powerful weapon as a car, inflame his inhibitions, irritations or frustrations, then add alcohol or fatigue and the murder or suicide may get committed.

—Psychiatrist Karl Menninger.

### matter of FACT

If you should ever meet up with a deadly snake, here's a heartening fact to remember. Snakes can't crawl faster than an adult can run. They look faster than they are. A black racer was once timed and viewers were asked to guess his speed. Most guesses were 10 to 15 miles an hour. Yet the snake at his speediest hit no more than 3.7 miles an hour.

## This Fellow Boyle Beats All—He Rides Mental Merry-Go-Round

By HAL BOYLE  
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Climate does affect your health.

If you dwell on a tropical isle, you'd be less likely to get an ulcer, a heart attack or a mental ailment. On the other hand, here in the good old temperate U. S. A., you are likely to live longer, have more energy, be more creative, and suffer fewer infectious diseases.

Ever wonder how heavy a cloud is? The average cloud weighs about 300,000 pounds.

Roving houses: "Let me live in a house by the side of a road" sang the poet.

Today some 3½ million Americans live in 1½ mobile homes,

which they can pull up to the side of almost any road they choose.

New from the maternity ward: Women who smoke a great deal during pregnancy usually have smaller babies than those who smoke lightly or not at all.

Half of all U. S. men are theoretically overweight. But don't laugh, ladies, by medical standards, three-fourths of you pack too much poundage.

Our quotable notables: "Some dames think they are hard to get, when they are really just hard to take,"—Tallulah Bankhead.

Warning to tipplers: Alcoholism is now ranked as one of the four major health threats—after mental illness, heart disease and cancer. One of every 13 U. S. men over 20 years old is a problem drinker.

What, no derby? Actor Gene Kelly's wardrobe contains 340 cloth hats and caps.

Tokyo department stores go far beyond our supermarkets in making shopping fun. They have the dances and classical plays and rooftop amusement parks, complete with ferris wheels!

Quips from our contemporaries: Monday morning, says the Catholic Digest, is when we like to look wistfully back at "the good old days"—Saturday and Sunday.

Hair-raising bargains: You can now buy a mustache for \$10, a toupee for \$150 up—or, for \$50, a removable goatee for the tired business man who wants to play with the beatniks at night, but look conservative during working hours.

Ever dream of buying a young race horse and retiring on his earnings? You'd probably do better if you bought a Shetland pony and charged the neighborhood kids a dime a ride. In 1960 only 2,621 of a crop of 10,858 two-year-old thoroughbreds won a race.

Executive signs: On the desk of Irving J. Botner, Esquire shoe polish president: "Constant use will wear anything away, especially friends."

Bike riding is becoming a fad again, both with college students and middle-aged people looking for exercise. The United States now has more than 27 million bicycles.

One reason global peace is so hard to achieve: The peoples of the world speak 2,600 different languages.

Hot chocolate, when introduced into London in 1670, was hailed as a wonder drug in the treatment of gout, biliousness, flatulence, morbidity and the itch.

It was Kin Hubbard who observed, "A friend that ain't in need is a friend indeed."

SHAREHOLDERS  
TUCSON, ARIZ. (AP)—Robert O. Allen told officers he had an excuse for stealing a bottle of scotch from a Tucson drug store.

Allen, 54, was quoted as saying: "Things were put on earth to be divided equally and I was just taking my share."

HOUSE HITS CAR  
BIRMINGHAM, Ala. (AP)—A house struck a car here, damaging the vehicle to the extent of about \$200.

The five-room bungalow was being moved under police directions when it smacked into a parked car on a street.

### FOOD FOR AMERICANS

### Try Franks With Rice

By Gayner Maddox  
Written For NEA

Frankfurters and hamburgers may seem "old hat." But there are ways to give them fresh interest and a new look and taste. We tried these two recipes on the family. Their answer was a loud "okay!"

#### FRANKFURTERS WITH RICE

(Makes 4 to 6 servings)

- 1/4 cup salad oil
- 1 cup minced onion
- 1 pound skinless frankfurters (10 frankfurters)
- 1 teaspoon kitchen bouquet
- 2 1/2 cups water
- 1 package (2 1/2 ounces) tomato vegetable soup mix
- 1/8 teaspoon basil
- 1/3 cup catsup
- 1 1/2 cups packaged precooked rice

Heat oil in skillet over moderate heat. Add onion and frankfurters cut into 6 pieces each; sprinkle with kitchen bouquet. Cook, stirring frequently, until onions are transparent. Add water, tomato vegetable soup, basil and catsup. Bring to a boil and cook for 10 minutes. Remove from heat and add rice. Cover and let stand in a warm place for 5 minutes and serve.

#### HAMBURGER IN A SKILLET

(Makes 4 servings)

- 1/4 cup salad oil
- 2 cups minced onion
- 1/2 pound hamburger
- 1 can (6 ounces) sliced broiled mushrooms

- 1 can (8 ounces) carrots water
- 1/4 teaspoon oregano
- 1/3 cup catsup
- 1 envelope (2 1/2 ounces) tomato vegetable soup mix

Cook onion in salad oil until the onion is transparent and add hamburger. Cook stirring constantly, until the meat is nicely browned and separated into small pieces. Meanwhile drain mushroom broth and carrot liquid into a pint measuring cup; add enough water to make 2 cups of liquid and pour into skillet. Add the mushrooms, carrots, oregano, catsup and tomato vegetable soup mix. Bring to a boil and cook uncovered, stirring frequently for 10 minutes. Serve on hot cooked rice or noodles, on toasted picnic buns or on a thick slice of French or Italian bread.

# MEN PAST 40

Troubled with GETTING UP NIGHTS  
Pains in BACK, HIPS, LEGS  
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular inflammation is a constitutional disease and medicines that give temporary relief will not remove the cause of your troubles. Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year men from 1,000 communities have been successfully treated here at Excelsior Springs. They have found soothing relief and a new zest in life.

# Family Night Speaker Tells Of European Tour

**MEREDOSIA** — A good-sized crowd enjoyed Family Night at the Meredosia Methodist church Wednesday night. After a bounteous potluck supper, Rev. Joseph Martin introduced David Gibson of Moline, a student at MacMurray, who spoke on his travels on a student tour last summer through Europe and showed many interesting slides of scenes he had visited.

The committee in charge of the evening was Mr. and Mrs. William McCormick, Rev. and Mrs. Martin, Mr. and Mrs. Leon Knight, Mr. and Mrs. Byron Beauchamp, Mr. and Mrs. Virgil Beauchamp, Mr. and Mrs. Charles Burrus, and Mrs. Alberta Hawkshaw.

**Birthdays**  
Mrs. Tillie Ponds celebrated her 83rd birthday Jan. 10 at her home in Meredosia. Among her visitors were Mr. and Mrs. Edwin Ommen; Mr. and Mrs. Daryle Tegeder, Charlotte, Carolyn, and David.

**Technology Changes Auto Production**  
DETROIT (AP)—From the days of the tin Lizzie to the streamlined models of 1961 automobiles have been built mostly of iron and steel.

For almost that long materials such as aluminum have been trying to get a piece of the business. The big push has come in the last decade as new technology made aluminum, plastics and some of the other metals more competitive.

An increased challenge to tradition arose when manufacturers decided on drastic cuts in size and weight of American cars. This opened the door. Engineers began listening to those who claimed their materials could be substituted for iron or steel or zinc with savings not only in weight but in cost and often in efficiency.

The most determined campaigns are being waged by aluminum, plastics and magnesium. One aluminum company estimates the use of this light metal has jumped from 12 pounds per car in the 1948 model year to 62 pounds per car average now.

The Society of the Plastics Industry, Inc., claims the volume of plastics in an average car has doubled—from 11 pounds to 22 pounds—in the last seven years. Magnesium, half again as light weight as aluminum, trails both it and plastics in acceptance. But Dow Chemical Co., producer of more than 90 per cent of the do-

**Stainless steel producers** have joined the fight and just recently scored a victory with the adoption by Ford of a new muffler made for the 1961 Thunderbird. Trade sources suggest it should last at least four years in normal use.

In the long run the materials battle will benefit you because everything about a car is being re-examined and the eventual result will be longer lasting, better running vehicles.

The British Crown Colony of Kenya includes 60,000 Europeans along with 185,000 Asians and Arabs and six million Africans.

John Nortrup, past commander of the local Legion Post No. 516 and Morgan County, is this year treasurer of 20th District and has just been appointed as a general member of the National Security Training Committee of the American Legion by the National Commander, William R. Burke.

**March Of Dimes**  
Mrs. Joseph Panella and Mrs. Leonard Liehr are co-chairmen for the Mothers March of Dimes in Meredosia and vicinity. Local volunteers will make a house to house canvass beginning this week.

**Male Hormones Hold Key To Better Health**  
EDITOR'S NOTE — In every man's bloodstream there's a male hormone. Women's veins carry the same hormone, too — and with it just enough female hormone to make Latin serenade Americans whistle and Frenchmen proclaim, "Vive la difference!"

By JOHN BARBOURN  
Associated Press Science Writer  
SHREWSBURY, Mass. (AP) — A man's a man, thanks to a five-millionth of an ounce of male sex hormone in his blood.

And a woman's a woman, thanks to a 50-millionth of an ounce of female hormone and a 20-millionth of an ounce of male hormone in tenuous, feminine balance in her bloodstream.

A baby is born thanks to an elaborate interplay of hormones that protect and prepare its place in the womb of the mother. How you react to stress or danger—whether you quake with fear or get boiling mad—is a sign of puny amounts of hormone seeping into your blood.

So subtle is the action of these powerful monitors of life that at any one time they make up just a 50-millionth of your body weight—perhaps the weight of a finger-nail clipping.

But not one cell in the human body escapes their attention. How they work—and the possibility of controlling disease, aging, growth and birth with man-made hormones—is being probed here in the cluster of buildings of the Worcester Foundation for Experimental Biology.

Pink pills for birth control, new drugs to fight cancer and arthritis, have already come from this work.

Speakers will be Miss Pauline Meyer, County Superintendent, Menard county, and legislative chairman for South Central Division of Illinois Education Association and Lester Grimm, research consultant of the IEA.

Invitations are being mailed to the presidents of local service clubs and civic organizations asking each have a representative attend the program.

## Roodhouse Students See Inauguration On Television

ROODHOUSE — Both grade and high school students were privileged to view the inauguration ceremonies on several television sets installed for that purpose Friday at the Washington school. Accompanying the young people were the teachers of the various classes. Even the youngest of the pupils who had been briefed before the inauguration, showed remarkable interest. All of the elementary grades had followed the happenings as far back as the election with the aid of the news film strip program under the direction of the grade school principal, William Russell.

## Hillview Legion Auxiliary Makes Fund Donations

HILLVIEW—The American Legion Auxiliary of Hillview held its regular meeting at the home of Mrs. Wave Rader Jan. 19 with Ruby Young and Mrs. Rader acting as hostesses.

A prayer for peace was given by the chaplain, LaDonna Arford. It was decided by the members that a donation to the March of Dimes and the White Hall Hospital be made. It was announced that a contribution to the "9 point program" will be sent to the district rehabilitation chairman, Mrs. Boyd in Beardstown, Ill. Mrs. Ruby Young, rehabilitation chairman of the Bryant-Thomas Auxiliary, will have the members of the unit in her home the afternoon of Jan. 26 to make tray favors with gum and candy for the Jacksonville State Hospital. She urges every one to help.

President Lorraine Powell suggested that the members donate, solicit and collect glasses suitable for ice-tea. They will be used for the annual picnic, always held in July by the American Legion Post. The auxiliary, working with their post, has planned to buy silver and dishes to be used for that purpose. The legionnaires hope to have their new building completed in the following year but in the meantime the auxiliary members are meeting in the different members' homes during the cold weather.

Mrs. Jessie Brickey has invited the Auxiliary to meet in her home for the next regular meeting Feb. 18. There will be an exchange of valentines during the social hour with refreshments served and games played.

# Ohio, Purdue To Play Week's Cage Feature

By DON WEISS

The folks in the midlands who say Terry Dischinger is as good as Olympic teammate Jerry Lucas and that Ohio State is far from invincible get a chance to test their theory this week as college basketball begins to bust out of its mid-term doldrums.

Dischinger, probably destined to spend his college career in Lucas' shadow, has a head-to-head meeting with the big Buckeye All-American on Saturday afternoon when Purdue and top-ranked Ohio State collide at Columbus, Ohio, for the Big Ten lead.

The 6-6 Dischinger, shrugging off a badly cut finger suffered in a chemistry lab accident, scored 19 points as Purdue (9-3) bounced fourth-ranked Iowa off a 10-game winning streak and out of the Big Ten lead with a 47-41 thumping last Saturday night. Talented Terry is expected to be fully recovered by the time the Boilermakers get at the Buckeyes, their top national ranking, and their national-leading 18-game winning streak.

Purdue first has a conference test at much-beaten Northwestern tonight, but this one doesn't figure to be much more than a warm-up for the big Saturday game.

If it's a slow-down Coach Ray Eddy has in mind, he may find Ohio State less inclined to control than the Hawkeyes were over the weekend.

Minnesota Coach John Kundla tried it against Ohio State and it befuddled the Bucks only for 3 minutes. Behind 8-1 at the time, the defending NCAA champions switched into an aggressive, ball-hawking defense, reeled off eight straight points and went on to a 75-56 victory with Lucas scoring 22 points and his starting mates all hitting in double figures.

The Purdue-Ohio State showdown is the feature game on a big program Saturday as basketball swings back into full-time activity.

It'll likely be a vastly shuffled top 10 in the AP poll next week. Although Ohio State, a second-ranked St. Bonaventure, and sixth-ranked North Carolina went unbeaten through last week, and three others — Bradley, Duke and St. John's — were idle, the top 10 combined had only a 6-5 won-loss record.

Iowa, before losing to Purdue, had defeated Illinois. Fifth-ranked Louisville split a pair during the week-losing to Xavier of Ohio 84-77 before bouncing back to top the Dayton 63-50 in the national TV game Saturday. Seventh-ranked DePaul, unbeaten a week ago, lost twice to Notre Dame and Western Michigan. Tenth-ranked Kansas State also lost its only start-to Kansas.

# Pressure Putt Snags Pebble Beach Title

By JACK STEVENSON

Associated Press Sports Writer

PEBBLE BEACH, CALIF. (AP) — Bob Rosburg's long experience with the Pebble Beach course plus a great pressure putt on the final hole brought him the \$5,300 first prize check in Bing Crosby's 20th annual golf tournament.

"I knew I had to make it," Rosburg said of the 14-foot slightly hooking putt he sank for a birdie four on the final hole Sunday for an even-par 72 and a winning 282 for the 72 holes.

Still the ex-Stanford star who won the PGA tournament in 1959 for his last major victory had to wait a half hour to see if Bill Collins, of Baltimore, needed even par for the final two holes to tie and a birdie on one to win.

Collins went one-over-par on the 17th when his tee shot was trapped on the 215-yard, par three hole. He still could have tied with a birdie four on the 18th and his third shot stopped about 15 feet from the cup. Bill promptly missed two putts, the second from two feet, and took a six. Collins got only \$1,625 for a tie for fourth. His 75 gave him a 284.

Deadlocked for second, one stroke off the pace at 283, were Roberto de Vicenzo of Mexico City and Dave Ragan of Orlando, Fla. De Vicenzo shot a 75 final round and Ragan a 74.

Rosburg, 34, a resident of Palo Alto, Calif., who plays out of Overland Park, Kans., needed to make up seven strokes to catch the third-round leader Ted Kroll of Ft. Lauderdale, Fla., who had a 23 through 54 holes. Ted blew up with an 81 and a 284.

For a time it appeared Arnold Palmer, golfer-of-the-year in 1960 would take it all here. But a 41 on the final nine and 75 total left him at 284 with Kroll and Gardner Dickinson who was one of three sub-par shooters here Sunday with a one-under 71. Johnny Pott also eclipsed par by a stroke for a 285 total.

Rally officials were predicting a record number of drivers may wind up in Monte Carlo Tuesday without penalization—thus making selection of an overall winner difficult is not impossible.

# Sports Writers To Make Awards

PHILADELPHIA (AP)—More than 900 guests will be on hand tonight when the Philadelphia Sports Writers Association honors Norm Van Brocklin as the outstanding athlete of the year and Mike Ditka as the college football lineman of the year.

The Association, at its 57th annual banquet, which is a sellout, also will honor the most courageous athlete of the year. This selection will not be announced until banquet time as has been the custom.

John Sellers, who rode Carry Back and T.V. Lark to numerous stakes victories in 1960, will ride at the Florida tracks this winter. He lives in Miami, Fla.

# Canadian Woman Wins Golf Title For Third Time

FORT LAUDERDALE, Fla. (AP) — It was the same old story in the 1961 edition of the Helen Lee Doherty women's golf championship — Marlene Streit won for the third straight time.

Mrs. Streit, a Toronto, Ontario, housewife, was two over women's par for the 6,066-yard Coral Ridge Country Club course Sunday to defeat Phyllis Tish Preuss of Pompano Beach, Fla., 3 and 1 in the 36-hole finals.

# 3 Records Fall At Los Angeles Indoor Meet

LOS ANGELES (AP) — Wilma Rudolph, Parry O'Brien and Ralph Boston smashed American indoor records in sprinting, shot-putting and broad-jumping at the 1961 Los Angeles Indoor Invitational.

A turnaway crowd of 13,622 in the Sports Arena saw Miss Rudolph run the 60-yard dash in 6.9 seconds, bettering the 7.2 mark ago, set March 21, 1954, by Dolores Dwyer in New York.

O'Brien, who's been talking about retiring from track, broke his own indoor record with a heave of 63 feet, 1 1/2 inches. His former mark was 62-5, set Feb. 20, 1960, in New York.

Boston, holder of the world and Olympic broad jump records, leaped 25 feet, 10 inches, bettering by one-half inch the indoor mark set last Feb. 20 in New York by Bob Roberson of the Army.

Other top performances: Olympic champ Otis Davis of Oregon's Emerald Empire Athletic Association won the 500-yard race in 58.4 seconds, beating another former Olympian, Eddie Southern of the Army.

Olympic champion Don Bragg won the pole vault at 15 feet before retiring with an ailing leg.

And Jim Beatty of Santa Clara Valley Youth Village rallied to win the mile in 4:06.4, edging Ernie Cunniffe in Stanford.

# 6 Colleges Plan New Association

ST. LOUIS (AP) — A new college athletic conference may develop from a six-member organization being formed to aid in scheduling sports contests, officials at Washington University said Saturday.

Other schools participating in the organization are the University of Chicago and Wheaton College in Illinois, and Valparaiso, Washab and DePaul in Indiana. The group will be called the Great Lakes Association.

Washington University Chancellor, Ethan A. H. Shepley and athletic director Harry Burrus said the organization hopes to form a conference later, perhaps adding other schools with similar, de-emphasized sports programs.

# Rudolph To Slap Big Law Suit On Rozelle

NEW YORK (AP) — Harry Rudolph, president of the Eastern Basketball League, says league attorneys will go into U.S. District Court here today to file a million dollar law suit against Pete Rozelle, commissioner of the National Football League.

The controversy grew out of Rozelle's action last week which barred Jackie Gene Lipscomb of the Baltimore Colts from playing for the Baltimore Bullets in the Eastern League.

Rozelle said it would not be in the best interests of the NFL for one of its players to compete in the EBL because there are men playing in the basketball league who were identified with gambling while playing for college and professional teams.

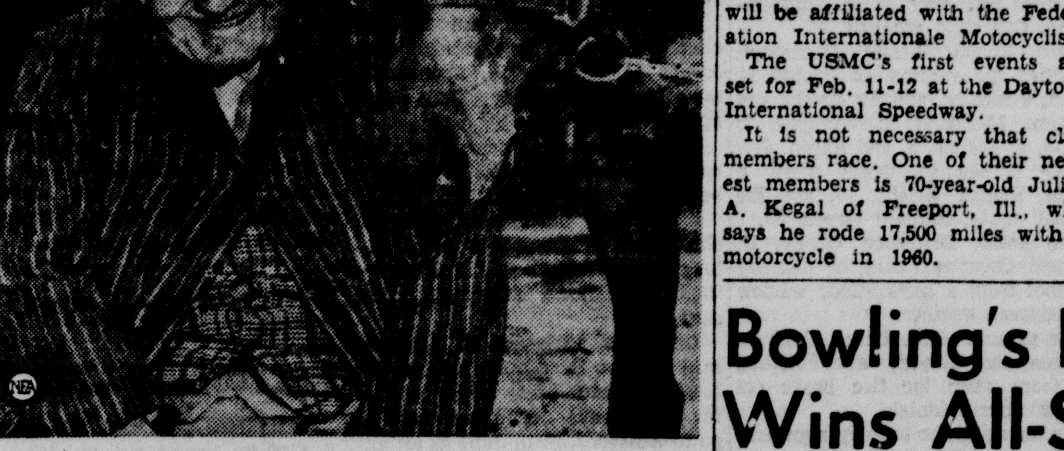

Rudolph said Rozelle's ruling defames the morale and standards of the basketball league and that he was basing his suit on this.

# Ingemar To Train At Palm Beach

MIAMI BEACH, Fla. (AP) — Palm Beach has been chosen by Ingemar Johansson as the site of his training camp for his return match with heavyweight champion Floyd Patterson March 13 at Miami Beach.

Johansson will come one day a week to Miami Beach to work out in the Municipal Auditorium next door to the Miami Beach convention hall, scene of the fight.

Patterson is due to arrive Feb. 13.

# Bowling's His 'Hobby,' Wins All-Star Meet

SAN BERNARDINO, Calif. (AP) — Bill Tucker of Rock Hill, Mo., who bowls only as a hobby and hates to practice, is the 1961 winner of the \$10,000 men's title in the All-Star Bowling Tournament.

The \$5,000 women's title went to Phyllis Notaro, who practices regularly and says "bowling is my life." She's a 33-year-old bowling instructor from Brant, N.Y.

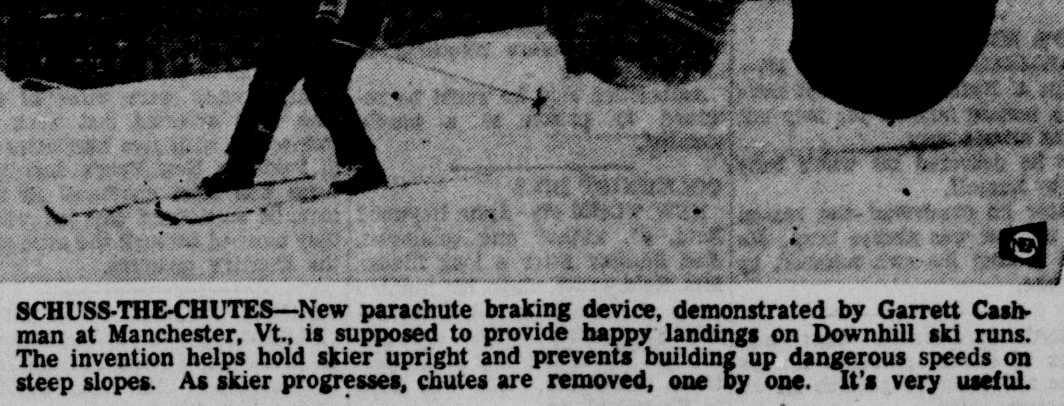

Tucker won the title Saturday night after a split match with Dick Weber of St. Louis in a position round. Weber finished second. Ray Bluth of St. Louis took third.

Tucker had 318-49 Petersen points, 40 1-3 victories and 23 1/2 losses; Weber, 309-11, 38 and 26 and Bluth, 307, 36 1/2 and 27 1/2.

In the Petersen point system, a bowler receives one point for each game won and one point for every 50 pins knocked down. A player who outscore an opponent while losing a majority of games gets an extra half point.

Miss Notaro won the women's crown after splitting her last-round duel with Shirley Garme of Chicago, who tumbled to third place. Hope Riccilli of Downey, Calif., won second place money by sweeping her last two games.

Miss Notaro had 144-13 points, 18 1/2 victories and 13 1/2 losses; Mrs. Riccilli, 143-12, 21 and 11, and Mrs. Garme, 142-14, 20 1/2 and 11 1/2.

SCHUSS-THIE-CHUTES—New parachute braking device, demonstrated by Garrett Cashman at Manchester, Vt., is supposed to provide happy landings on downhill ski runs. The invention helps hold skier upright and prevents building up dangerous speeds on steep slopes. As skier progresses, chutes are removed, one by one. It's very useful.

# Two Hot NBA Clubs Rushing On Treadmill

By THE ASSOCIATED PRESS

The two hottest clubs in the National Basketball Association today are the Detroit Pistons and the Syracuse Nationals—but both are rushing along on a treadmill.

Each has won five games in a row, yet the Pistons remain 8 1/2 games behind the St. Louis Hawks in the Western Division and the Nationals still are third in the Eastern Division, 10 games back of the first place Boston Celtics and 7 1/2 behind the Philadelphia Warriors.

The Pistons cut down the Warriors, 136-128, Sunday and the Nationals turned back the Los Angeles Lakers, 112-109. In the other game, the Cincinnati Royals downed the Hawks, 115-108.

Gene Shue had 32 points for the Pistons and Bailey Howell chipped in with 31. Just as important in the triumph was the fact that the Pistons held Wilt Chamberlain to 28 points.

The triumph was the Pistons seventh in their last eight starts.

The Nationals trailed the Lakers for three periods and couldn't pull into a tie at 80-all until midway in the fourth period. The lead saw-sawed back and forth until the Lakers went ahead, 109-108 with less than a minute to go.

But then Dick Barnett went to work and plunked in two baskets for the Nationals before time ran out. The triumph was the Nationals seventh in their last eight games.

The Royals proved finally that they can win without Oscar Robertson. Until Sunday they hadn't won a game all season without the Big O.

Wayne Embry and Jack Twyman supplied most of the Royals punch in their last finish in the nationally televised game. Embry finished with 28 points and 18 rebounds, while Twyman dropped in 14 points in the final quarter.

Saturday, Detroit whipped Cincinnati, 129-108; Syracuse turned back Boston, 127-124; St. Louis clipped New York, 145-122, and Philadelphia vanquished Los Angeles, 136-111.

# Rory-Florentino In Video Clash Saturday Night

By The Associated Press

It will be a puncher against puncher in the Saturday night television fight matching middleweight Roy Chalkoun and Florentino Fernandez.

They clash in a ten-rounder—ABC TV, 10 p.m., EST—at New York's Madison Square Garden.

The winner probably will earn a berth in the 160-pound division's top ten although neither is a ranking middleweight now.

Fernandez has a 28-2 record, including 22 knockouts. Chalkoun's record is 45-10-2, including 21 kayos.

To Meet Tonight

Lightweight contender Kenny Lane of Muskegon, Mich., meets newcomer Joe Stabile of Cuba in a main ten-rounder at New York's St. Nicholas arena tonight.

Stabile, 24, a stablemate of welterweight champion Benny Kid Paret, beat Chico Velez in his U.S. debut at the Garden last month. He has a 12-1-1 record, including three kayos. Lane, 28, has a 62-9 record including 13 knockouts.

# PERENNIAL CHAMPS

HICKORY, N. C. (AP) — Lenoir Rhyne College has won six consecutive North State Conference football championships under coach Clarence Stasavich. The Bears have a 35-1 conference record for the six seasons.

# TOUCH FOOTBALL HURTS

NORMAN, Okla. (AP) — Three University of Oklahoma students were taken by ambulance to a school infirmary suffering one broken leg, one broken collarbone and one broken nose. They had been playing touch football.

# SCORING WITH MARINES

CAMP LEJEUNE, N. C. (AP) — Jack Sullivan, 6-foot-4 forward who led the nation's college basketball scores four seasons ago at Mount St. Mary's with 1,070 points, hasn't lost his scoring touch. The former U. S. Olympic cager scored 102 points in two successive games for the Camp Lejeune Marines team.

Paul Hornung of the Green Bay Packers set a new National Football League scoring record last season with 176 points. He made 16 touchdowns, kicked 41 extra points without a miss and had 15 field goals.

# Collinsville, Centralia And Springfield Keep State Cage Spotlight

SPRINGFIELD, Ill. (AP) — Collinsville, Centralia and Springfield came through with impressive showings in weekend competition which also brought Bridgeport's first loss of the Illinois prep basketball campaign.

The high scoring Collinsville club picked up two more triumphs that put it within seven games of completing an unbeaten regular season.

After whipping Granite City Friday 75-61, Collinsville hammered Litchfield's strong entry Saturday 72-33 for a 16-0 record. Only Prospect and Collinsville hold perfect marks among ranking teams.

The defeat for Litchfield was its third of the season—all suffered at the hands of Collinsville.

Centralia's Orphans, upholding their rating as the best team in Southern Illinois, pushed through Salem's eight-team tournament by capturing the prize Saturday, 50-32 over Pinckneyville.

The victory gave Centralia revenge over its only conqueror this season and dealt Pinckneyville its third reverse in 16 starts. Centralia has won 17 straight.

The Springfield Senators carried off the Capital City Tournament, turning back Lanphier 43-33 Saturday for the clincher. It gave Springfield a 14-1 slate.

Another tournament, however, cost Bridgeport its perfect 14-game slate. Playing at Flora, Bridgeport bowed to the host school 68-58 in a reversal of the outcome when the two schools met in December. Flora shows 15 wins with its single defeat.

Another ranking was spilled Saturday as Moline, absorbing its second setback, dropped a 70-53 decision to Elgin. The latter team has improved steadily since losing its first four tilts.

Rockford East, Peoria Manual and Thornton posted double triumphs to maintain the prestige of the top 16 list.

The Rockford team swept past Freeport 67-60 and Barrington 53-53. Thornton downed Kankakee 75-48 and Galesburg 57-56, and Peoria Manual conquered Peoria Woodruff 69-61 and Peoria Richwoods 71-68.

The results gave Rockford East 14 victories, Thornton 12 and Manual 14. Each has lost once.

Harness Racing Dates Set For County Fairs

SPRINGFIELD, Ill. (AP) — Wilbur Layman of Lincoln and Harlen Bennett of Martinsville were re-elected president and secretary, respectively, of the Illinois Topline Harness Racing Circuit Sunday.  
The Topline will operate at the same tracks as in 1960, opening in July at the Chicago mutuel tracks, then following with meetings at Martinsville, Champaign, Charleston, Lincoln, the State Fair in Springfield, and DuQuoin. The Midwestern Illinois Racing Association announced these dates for this year's program of county fair racing:  
Rushville, July 1-4; Jerseyville, July 6-9; Carrollton, July 12-16; Carlinville, July 19-22; Lewistown, July 26-29, and Mount Sterling, Aug. 1-3.

GRAIN PRICES VARY IN NARROW RANGES

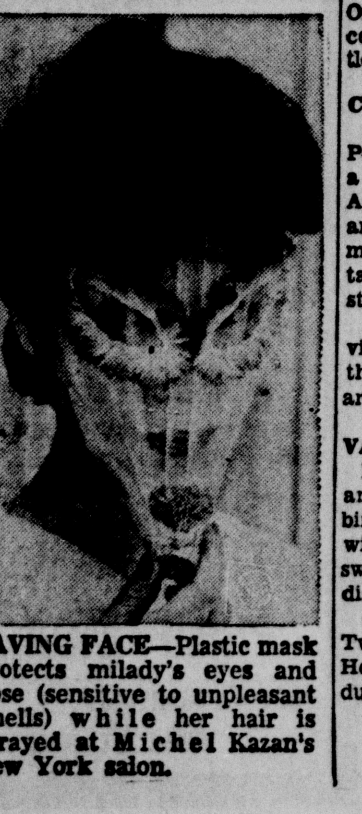

CHICAGO (AP)—Grain futures prices shifted generally within narrow ranges today in slow dealings on the Board of Trade. An early demand which firming up prices for a while apparently was rather limited.  
March wheat maintained its firming on continued moderate buying by exporters but soybeans turned mixed after a fairly strong start which boosted prices a cent or more.  
Broken credited most of the early soybean activity to renewed buying by speculative interests but it either was thin or liberal selling orders squelched a push because it met the turn within a half hour.  
Soybeans were 1/4 cent a bushel lower on old crop months to 1/4 higher on the new shortly before noon, March \$2.43 1/2; wheat unchanged to 1/4 higher, March \$2.11 1/2; corn 1/4 higher, March \$1.11 1/4; oats 1/4 lower, March \$1.11; rye 1/4 higher, March \$1.14.  
Soybeans were 1/4 to 1 1/2 cents a bushel higher at the close, March \$2.45 1/2; wheat 1/4 to 1/2 higher, March \$2.11 1/2; corn 1/4 to 1/2 higher, March \$1.11 1/4; oats 1/4 to 1/2 lower, March \$1.11; rye 1/4 to 1/2 higher, March \$1.14.

New York Stock Market

NEW YORK (AP) — The stock market pushed higher in heavy trading early this afternoon. The Associated Press average of 60 stocks at noon was up 1.00 at 230.90 with industrials up 1.70, rails up .80 and utilities up 1.10. Gains of fractions to a point or more outnumbered losers among key stocks.  
The Commerce Department report that consumer spending had risen to a record level was encouraging. Hope for a business upturn this year continued.  
The market was narrowly mixed at the start, then improved gradually, gaining some momentum as trading wore on.  
The Dow Jones industrial average at noon was up 4.88 at 639.25. Corporate bonds were mixed. U.S. governments were higher.

NEW YORK (AP)—Duplicate year-end dividend checks have been sent out to about 200 clients of a New York brokerage firm as the result of a computer machine going whacky.  
"These machines get tired just like everybody else," said a spokesman for Merrill Lynch, Pierce, Fenner & Smith, Inc., in explaining the mistake.  
He said part of a steel tape feeding information to the machine had run through twice, causing each stockholder involved to be sent two checks instead of one.  
"We can't be sure exactly how many or how much money was involved," the spokesman said, "since we can't tell just where the tape duplication stopped."  
He said in case the duplicate checks are cashed, rather than returned, the fact will show up in canceled checks and the extra payment will be deducted from future dividends.

Protest Queen's Hunting Tigers

JAIPUR, India (AP) — Queen Elizabeth II and her husband Prince Philip were to go 2 miles into the jungle today on a tiger hunt that has some animal lovers of Europe and Asia up in arms.  
The royal couple are spending two days at the hunting lodge of the Maharaja of Jaipur without the usual entourage of newsmen and curious public. The maharaja declared the hunt area off limits to give the queen privacy and to avoid frightening away the tigers.  
Several animal welfare groups in India and Britain strenuously objected to the queen participating in the hunt. Nine thousand New Delhi students threatened a hunger strike if the queen "encourages" tiger hunting.

CULINARY ERROR  
SAN ANTONIO, Tex. (AP) — Police Sgt. Leonard Damsby sent a fellow law operator in South Africa some Mexican food recently and received a letter from the man saying "the covering on the tamales was a bit hard on the stomach."  
Damsby recalled he failed to advise the man that one doesn't eat the corn shucks in which tamales are wrapped.

VACUUM GETS BIRD

DRUMRIGHT, Okla. (AP) — Richard Soliday, 12, was giving his bird cage an extra good cleaning with a vacuum sweeper when swoosh, Tweedy Pie, the parakeet, disappeared.  
Quick action with a knife freed Tweedy Pie from the sweeper bag. He emerged unhurt in a cloud of dust, minus tail feathers.

SUPPLIES ARRIVE: Royal Lotion soldier beams as supplies are air-dropped near Khong Kho, Laos recently. Natives from the area look on. Lotion government forces were reported to have recaptured the strategic airport village of Tha Thom from pro-Communist rebel troops. The Reds have claimed they shot down the second of four old T-6 training planes supplied by the United States to the Lotion Army forces.

No Negotiations Scheduled For Printers Strike

CARBONDALE, Ill. (AP) — No negotiations have been scheduled in a 6-day-old strike of 16 printers which has stopped publication of the Southern Illinoisan, Carbon-dale — Herrin-Murphybor daily newspaper.  
The strike of Local 217 (International Typographical Union, started last Wednesday after negotiations for a new contract failed. A management spokesman said main issues included hours, length of contract and holiday pay.  
The newspaper, member of the Lindsay-Schaub group, laid off 26 employees today in the advertising, sales and clerical departments. Other departments, including editorial, worked as usual.  
The management spokesman said the union rejected a 3-year contract offer calling for wage increases totaling 35 cents an hour. The printers were paid \$2.50 an hour for a 40-hour week under a 2-year contract which expired Oct. 31.  
They are seeking a shorter work week and an additional day off in the event a paid holiday falls on a normal day off. Four members of a pressman's union observed picket lines at the main Carbon-dale office of the newspaper.

Seven Children, Adult Perish As House Burns

PASADENA, Md. (AP) — Seven Negro children and an adult who were caring for them burned to death early today when their frame house erupted in flames near here, state police reported. One child escaped.  
State trooper Lester Chenoweth identified the victims as Donald I. Green, 9 months, and his sisters and brothers, Maryland, 2; Winifred, 3; Yvette, 4; Joeline, 5, and Aaron, 6.  
Also burned to death were a cousin, Regina Wright, 10, and the Greens' uncle, Bernard Green, 33.  
One child, Lawrence Green, 11, escaped, Chenoweth said, by jumping barefoot from a second-floor window in 10-degree weather.  
The parents of the Green children, Dolores and Ernest, were visiting neighbors when the fire broke out shortly after midnight.  
Firemen said the tragedy apparently was caused by a faulty oil furnace.

TEENAGERS CHOOSE DEATH RATHER THAN SEPARATION

RICHMOND, Mich. (AP) — "It was our choice and we did it together," wrote Linda Mabley, 15, who was found shot to death Saturday alongside the body of her sweetheart.  
State police said the blonde cheerleader and basketball star James C. Erhart, 16, apparently died together rather than live apart.  
Their bodies were found sprawled across a bed in Linda's bedroom.  
Each had been shot in the chest with a .32-caliber pistol belonging to Linda's father, a prominent Richmond attorney, police said.  
Detective Laurence N. Hofman said the two Richmond high school students had been going steady for two years. The boy was to go to Amsterdam in June as an exchange student under a State Department program.

PAROLED MURDERER ADMITS STEALING PAYROLL CHECKS

BELLEVILLE, Ill. (AP) — Richard M. Wesolik, 35, a paroled murderer, surrendered Saturday and admitted he financed a cross-country trip by cashing stolen payroll checks, Belleville police said.  
Wesolik admitted stealing about 20 checks Jan. 6 from a Belleville firm where he worked as a bookkeeper. He told authorities he cashed seven of them for about \$800.  
Wesolik was freed from prison last October after serving 19 years of a life sentence for the July 1941 slaying of Mrs. Margaret Jung of Woodstock, Ill.  
He told police he went to New Orleans, Los Angeles, Las Vegas and Arizona before returning to turn himself in.  
Authorities said he would be returned to prison as a parole violator.

COLUMNIIST DIES

NEW YORK (AP) — Anne Heywood Reid, 47, author and columnist, died Sunday after a long illness. Mrs. Reid wrote, under her maiden name of Anne Heywood, a nationally syndicated column, "Opportunities Unlimited," for King Features, Syndicate. She was born in Keokuk, Iowa.

Senate Considers Nominees

(Continued From Page One)  
Nations. He took his oath with the Cabinet members during a White House ceremony.  
The only opposition to the Cabinet was that of Sen. Gordon Allott, R-Colo., to the nomination of the President's brother, Robert F. Kennedy, to be attorney general. Allott said Kennedy did not have enough legal experience for the post.  
Morse's opposition to Connolly, longtime associate of Vice President Lyndon B. Johnson, came after the Senate Armed Services Committee had approved him and eight other Defense Department appointments.  
Sen. William Proxmire, D-Wis., and John S. Cooper, R-Ky., told the Senate they shared Morse's view on the Connolly nomination. Morse said others also are opposed.  
Other nominations ready for Senate consideration include: Byron R. White, deputy attorney general; Archibald Cox, solicitor general; H. W. Brawley, deputy postmaster general; Roswell L. Gilpatrick, deputy secretary of defense; Elvis J. Stahr Jr., secretary of the Army; Eugene M. Zuckert, secretary of the Air Force; Carlos J. Hitch, Paul H. Nitze, Arthur Sylvester and Thomas A. D. Morris, assistant secretaries of defense; Cyrus R. Vance, general counsel of the Defense Department.

To Raze Stage Coach Station Used By Lincoln

TOWER HILL, Ill. (AP) — An old stage coach station, the last building in what was once a thriving pioneer village, is about to be torn down.  
The 8-room frame structure in Williamsburg, Shelby County, is believed to be more than 100 years old. It was used as an inn on the old Shelbyville-Vandalia stage run.  
Abraham Lincoln reportedly stayed there while traveling as a circuit lawyer.  
Williamsburg was established about 1812 and originally was named Cold Spring. It was incorporated as Williamsburg in 1838.  
The stage coach station was used as a private home until recently by the Fred Smith family.

Court Reinstates Charges Against R. Drymalski

CHICAGO (AP) — The Illinois Appellate Court today reinstated malfeasance charges against Raymond Drymalski, former Municipal Court chief justice, growing out of traffic court operations.  
Drymalski now is in private law practice. He did not seek reelection in the Nov. 8 elections.  
The Appellate Court reversed a Circuit Court ruling and remanded the case to the Circuit Court for trial.  
The Circuit Court had upheld Drymalski's plea to bar through which he contended a jurist is not criminally liable for acts he performs in good faith. The Appellate Court ruled that a plea in bar did not apply in such circumstances, the vacating of bond forfeitures.  
Later a grand jury indicted him by failing to order a proper audit of court records, a charge which prosecutors said could not be defended by a plea in bar. He was acquitted of this charge March 2, 1960, on a directed verdict.

Publisher Gets Patriot Award

SAN DIEGO, Calif. (AP)—James S. Copley, newspaper publisher in California and Illinois, has been presented the 1960 Vigilant Patriot award of the All-American Conference to Combat Communism.  
Dr. Kenneth D. Wells, president of the Freedom Foundation at Valley Forge, Pa., made the presentation Saturday night at a Freedom Forum meeting.  
Dr. George S. Benson, president of Harding College, Searcy, Ark., described Copley as "America's most courageous publisher."  
Copley is head of Copley Press Inc., which publishes newspapers in Southern California and at Springfield, Aurora, Elgin and Joliet, Ill. The award was based on an article reporting communism's encroachment of the free world, which appeared in the San Diego Union, a Copley newspaper.

ESCAPEES SURRENDER

PEKIN, Ill. (AP) — Three Pekin teen-agers who broke out of the Tazewell County jail Sunday night gave themselves up to city police four hours after their escape.  
The youths were three of six who were arrested last week in connection with five burglaries in Pekin on New Year's day. The three had been quartered in the juvenile section of the jail when they escaped through the attic and the sheriff's quarters.

Weekend Fires Across Nation Claim 39 Lives

(Continued From Page One)  
bore, N.Y. Judy Boykin Whitted, 19, and her sister, Anna P. Boykin, 14, died in the blaze that destroyed their two-story house.  
Another fire in New York was believed to have killed Adda Wright, 72, a hotel clerk, when flames wrecked the headquarters of the famed Chautauqua institution in Chautauqua.  
In Clermont, Fla., four children of Mr. and Mrs. Ulysses Harris died in a fire after a kerosene heater exploded in their home Saturday night while the parents were away on a visit in nearby Orlando.  
Dead were Lewis, 7; Grace, 5; Sharon Ann, 3, and Ulysses Jr., 1. A fifth child, Betty, 12, ran to a neighbor's house seeking help and was unhurt.  
In Halifax, Mass., a mother of five, Mrs. Robert Cleverly, was aroused from sleep early today by smoke and a crackling fire. She hurriedly dressed the five youngsters, ranging in age from 7 months to 12 years, and led them through subzero cold to safety in a neighbor's home.

Say JFK Limited Catholics In Cabinet To One

WASHINGTON (AP) — Rep. John F. Shelley, D-Calif., missed appointment as secretary of labor because it was considered impractical to have two Roman Catholics in President Kennedy's Cabinet, congressional sources said today.  
Shelley himself declined comment on reports published by the San Francisco Chronicle today, that he had been dropped from consideration for the job after Robert F. Kennedy agreed to serve as attorney general in his brother's administration. The Kennedys are Roman Catholics as is Shelley.  
Shelley, a member of Congress for 11 years, has served as president of the San Francisco Central Labor Council and California State Federation of Labor.  
It was understood Shelley was definitely in line for the secretary's post while it appeared Robert Kennedy would not be named to the Cabinet. However, sources in Congress said, after Robert Kennedy's appointment was settled, the president-elect and Shelley had an amicable meeting at which they agreed it would be politically unwise to include a second Catholic in the new Cabinet.

SIU Professor To Go To Japan

CARBONDALE, Ill. (AP) — R. Buckminster Fuller, research professor of design at Southern Illinois University, leaves for Japan February 1 with a portfolio full of projects.  
Fuller, designer of the geodesic dome, has been invited to Japan by Matsutaro Shoriki, wealthy industrialist who is building an enclosed athletic stadium for the Tokyo baseball Giants.  
Fuller's main job in Japan will be to solve the ventilating problem in the huge stadium, to be the first enclosed baseball stadium in the world. A similar stadium has been proposed for Houston, Texas.  
The Tokyo stadium will be a huge geodesic dome — with no center supports. It will be 750 feet in diameter and 200 feet high — enough for skyscraping fly balls.  
Fuller holds patents on geodesic dome construction. Up to now the largest such domes have been built at Wood River, Ill., and Baton Rouge, La. Both are 384 feet in diameter and cover car building yards of the Union Tank Car Co.

End Strike That Tied Up Trains

(Continued From Page One)  
unions had asked to have present five-man tug crews remain frozen. But operators wanted any new contract to state that management had the right to decide the number of men needed.  
Both sides finally agreed to defer any decision until next December when a White House study on railroad-managing problems is completed.  
The striking marine unions, besides the Seafarers, were Marine Engineers Beneficial Association and the International Organization of Masters, Mates and Pilots.  
After Seafarer pickets showed up at the big union terminal in Cleveland, Ohio, Sunday, the Central—the nation's second largest—practically shut down its Western division. Its Eastern division had been hit last week.  
The idle train crews were not directly involved in the dispute, but they refused to cross marine picket lines.

OVER TWO MILLION APPLY FOR CAR LICENSES

SPRINGFIELD, Ill. (AP) — Slightly more than two million persons have applied for their 1961 Illinois motor vehicle license plates. Secretary of State Charles F. Carpenter said today.  
Carpenter warned that only a little more than three weeks remain before the Feb. 15 deadline for displaying new plates. Registration is expected to total about four million.

HEATED THEFT

DERBY, Conn. (AP) — A local motorist was surprised recently when his 1956 model auto began to steam.  
He got a bigger surprise when he lifted the hood. The radiator was missing—stolen while the car was parked in front of his home during the night.

Talks With Defense, State Aides

(Continued From Page One)  
unpredictable fashion that has become almost routine since inauguration, popped into the press room for a surprise visit.  
He was accompanied by his wife, Jacqueline, looking like a fashionable teen-ager as she strolled through the White House lobby, wearing beige riding pants and a three-quarters length sports coat.  
White House guards, who never had seen anything like it during the Eisenhower administration, stared goggle-eyed.  
After going to church Sunday, Kennedy kept up a rapid-fire work pace. By late afternoon, he named an undersecretary of the Navy, two assistant secretaries of commerce, and a three-man panel to advise him on conflict of interest problems and ethics in government.  
He picked Paul Fay Jr., 42, an independent Republican businessman from San Francisco, to be Navy undersecretary. Fay, who helped campaign for him, was in Kennedy's wartime torpedo boat squadron.  
As assistant commerce secretaries, he chose Hickman Price Jr., Detroit, director of the Mercedes Benz automobile branch in Brazil, and Rowland Burnstam, a Chicagoan, president of Borg-Warner International Corp.  
Members of the study panel will be Prof. Bayless A. Manning of Yale Law School, Jefferson Fordham, dean of the University of Pennsylvania's Law School, and Judge Calvert Magruder, formerly chief judge of the 1st Circuit Court of Appeals, panel chairman.

## Name Committees For Trinity Women's Guild

MEREDOSIA - The Trinity Women's Guild held its monthly meeting at the Parish Hall January 12 with Mrs. Henry Meier as hostess. She read devotionals, followed by a hymn by the group and prayer by the pastor. After the secretary and treasurer reports had been given and accepted, "Thank You" notes were read from Nacchusa Home for the barrel of fruit and vegetables sent them and one from Pastor and Mrs. Krumm for the Christmas gift the Guild had given them.

These committee appointments were read: Pianist, Velma King; Work Committee, Hazel Heitbrink; Lila Krummies, Ruth Frick; Sick and Flower committee, Velma King; Altar, Corrine Orchard; Membership, Tillie Pond, Tillie Meier, Lotie Schlicker; Communion, Wilma Williams, Carrie Duveack and Dorothy Schlicker. After dues were paid for the coming year, the meeting closed with the Missionary Prayer. The group then spent the remainder of the afternoon folding cancer dressings. The hostess served delicious refreshments. The next meeting will be February 9 at 7:30 with Mrs. Corrine Orchard as hostess at the Parish Hall.

**Birthday**  
Donald Staake was honored on his 4th birthday at a party given at the home of his parents, Mr. and Mrs. Leonard Staake. The following guests enjoyed games and contests: Randy Lovickamp, Cathy Kunzeman, Larry Hardwick, Carolyn Tegeder, Phillip Hinners, Roger Staake, Charlotte Tegeder, David Staake. After Donald had opened the nice birthday gifts, refreshments of ice cream, cup cakes, and kool aid were served by Mrs. Staake, assisted by Linda Lovickamp and Janet and Betty Staake.

**Injured**  
Kenneth Scott of Meredosia suffered a painful accident at the Casswood Milling Co. at Beardstown where he works. Several long boards hit him on the left side of the face, causing cuts and bruises which required seven stitches to close.

## Mission Society Sees Film At Baptist Church

The Woman's Mission Society of the First Baptist church met at the church at 1:15 p.m. on Thursday, Jan. 19. A delicious dessert course was served at that time to the members by the Dorothy Carder Circle as hostesses. At the beginning of the business meeting the opening prayer was given by Mrs. Robert Coats. The business meeting was conducted by the president, Mrs. L. P. Hauck.

She introduced Mrs. A. T. Brownell, who showed a film entitled "Wider Grows The Kingdom," with the narrative talk by Mrs. C. M. Reynolds. Following the film, the program under the direction of Mrs. A. J. Stewart was given, and she was ably assisted by Mrs. David Glossop, Mrs. William Hawks, Mrs. Susan Greenwalt, Mrs. O. L. Westmorland, Mrs. J. W. McConnell, Mrs. Claude Lewis and Miss Ina Stewart. The program, "One God - One Purpose," was given as a playlet.

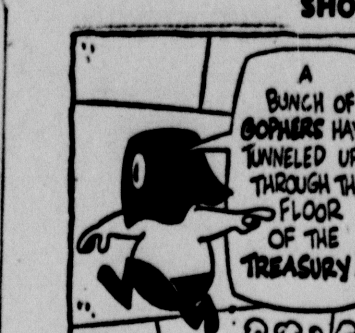

Following the program, Mrs. Hauck conducted the regular business session. Minutes of the previous meeting were read and reports of committees and circles were made. Despite the inclement weather, there was a very good attendance and the afternoon was a very educational and enjoyable one. The meeting was adjourned after the love gift was taken, and the dismissal prayer was given by Mrs. Henry Deppe.

American consumers boosted their spending for American food products a little more than 5 percent each year during the 1950s. Population growth accounts for about two-thirds of the growth in food demand. Higher incomes and improved diets are responsible for the other one-third.

**KENNETH EUGENE CINDLE** has been added to the FBI's list of "Ten Most Wanted Fugitives." Cindle, 48, wanted for armed robbery in Wichita, Kans., stands 6'2", weighs 165 pounds and has brown hair and gray eyes. CAUTION: Cindle should be considered armed and dangerous. Any person having information concerning this fugitive should immediately contact the nearest office of the Federal Bureau of Investigation.

## Carl Stathem, Former Greene Resident, Dies

WHITE HALL—Carl Stathem, 63, dispatch agent here for the C. and A. for a good number of years and later for the Burlington, died Sunday at the Missouri-Pacific Railroad Hospital in St. Louis. Mr. Stathem resided in Jerseyville.

Mr. Stathem is survived by his wife, Agnes and four children, Raymond of Vandalia, Mo.; William Robert, living in California; Mrs. Mary Jo Hemon, Hermon, Mo. and Mrs. Mary Jane Alkstrom, also living in California. There are five grandchildren.

Several stepchildren also survive the deceased in addition to two brothers, Donald of Quincy and Fane, White Hall and twin sisters, Mrs. Vida Hess and Mrs. Veda Fraser, both of White Hall and a half-brother, Gordon Snyder, Carlinville.

The body is at the Hanks funeral home at Pearl where services will be held at 2 p.m. Wednesday. Interment will be made in Green Pond cemetery.

## Pleasant Plains Woman Injured When Car Skids

PLEASANT PLAINS—An elderly Pleasant Plains woman was seriously injured Sunday when the car in which she was riding to church skidded and ran off a county road a mile east of Pleasant Plains.

Mrs. Elizabeth Hergenrother, 78, suffered a broken leg, a broken pelvis, internal injuries and shock in the accident, and was taken to St. John's Hospital for emergency treatment and admitted.

The driver of the car was Mrs. Della Hergenrother, 61, of Pleasant Plains, a sister-in-law of the injured woman. She received extensive cuts and bruises but was released from St. John's after being treated.

State police attributed the cause of the accident to icy driving conditions.

### BOY ADMITS FATALLY BAYONETING WOMAN

SANTA CLARA, Calif. (P)—Police said husky Robert Sichel, 14, admitted Sunday night that he killed a middle-aged neighbor woman with a bayonet. They were still trying to determine his motive today.

Police Capt. Mal Sylvia said Sichel, after intensive questioning, admitted stabbing Marie Rozas, 58, and then trying to burn her corpse.

Sylvia said Sichel was arrested after a neighbor reported seeing him leave Mrs. Rozas' yard just before the fire that burned her body was discovered.

### Child Star

Baby Jane Hudson, a child star in 1938, had grown old, but the footlights still beckoned. In her mind ran visions of a come-back at the age of 66. Her dream, and how it became a chilling nightmare is a story suspense fans must not miss. Read—

## Small Reduction In Assessments Of Sny District

PITTSFIELD—The last of the suits of 38 objectors to the assessment on property in the Sny drainage district's giant improvement program ended Friday in Pike County court with some change in assessment rolls. The 38 suits, which had been in progress since Nov. 15, resulted in property owner assessment reductions of \$7,154.19 out of a total assessment to the 38 objectors of approximately \$200,000.

Total assessments for all property owners in the district amount to \$3,422,500. This is the local contribution in the near \$30,000,000 federal program for the Sny.

Of the total reductions granted, only \$944.71 represented actual cuts. The remainder was charged to errors in acreage figures and was removed by agreement of attorneys.

The jury reported Friday morning in cases of 35 objectors, granting assessment reductions of \$944.71. In the afternoon the jury reported in the case of P. L. Hein of Hannibal, denying a reduction, and reducing the assessment of Emerson Ator of Rockport on the testimony by commissioners that there was an error in the acreage involved. The other of the 38 cases were tried several days ago.

## Paris Fashion Season Gets Off To Breezy Start

By NADEANE WALKER

PARIS (P)—The Paris spring fashion season got off to a devil-may-care start this morning with two collections that tried to outdo each other in breeziness.

The windblown look just covered the knees and usually left the waistline only semiclothed.

Jacques Esterel's saucy show was full of drapes and fresh, frank colors, while Jacques Griffe got a similar effect with loose muddy blouses, pleated skirts, and wrist-length jackets.

Esterel owes his sudden emergence as a crowd-drawing dress-maker largely to Brigitte Bardot, who popularized his clothes. But he made a good try for sophistication, saving the curvy models for his "misses" dresses. Young girls, he says, want "everything to be seen at once."

Two-tone outfits are a great thing in the Esterel show. White jackets over printed or black skirts, matching jackets and blouses with contrasting skirts, and skirts with a deep hem band of contrasting material are some of the changes he brings.

He revives such old favorites as labrets, in a nonfrilly version of two big loops of silk at the neckline; corselet waistlines, halo hats, apron panels, weekie or vest tops, and V-backed dresses with a back-to-front look.

Esterel's waistlines are high, low, hardly there at all or fitted like a glove. Jackets run the gamut from short bolero length to mid-thigh three-quarter or elbow-length tubes, are sometimes kimono-cut with the bodice and sometimes actually puffed. The sleeveless sheaths survive, but barely.

Esterel achieves a loose, free-and-easy general effect without actually being baggy anywhere. His high, glove-fitted waistlines have puffy bosoms, while his low waists have puffy backs.

## Wieneke Infant Of Hardin Dies

HARDIN, Ill. (P)—Funeral services for Kimberly Ann Wieneke, infant daughter of Mr. and Mrs. James Wieneke, were conducted from the C. C. Hanks Funeral Home Friday morning.

## Area Girls Enter State Contest

Jacksonville area fair queens entered in state competition at the annual meeting of the Illinois County Fair Association in Springfield: Left to right, seated: Miss Brown County Fair, Karin Hoffmann; Miss Cass County Fair, Sylvia Depp; Miss Greene County Fair, Sharon K. Prather; and Miss Morgan County Fair, Nancy Foster of Alexander. Standing, Miss Jersey County Fair, Lana Lee Ballard, and Miss Schuyler County Fair, Nicky Jan Lee.

Lower photo shows a portion of the 54 contestants entered in the keen competition for the title of Miss Illinois County Fair—1961. The winner will later compete for the title of Miss Queen of Queens at Chicago.

Each entrant was queen of her respective county fair and received the title in local competition throughout the state last summer.

Miss Nancy Foster of Alexander, Morgan county's candidate for the state title, was escorted to Springfield by Mr. and Mrs. Stan Spotts. Mrs. Spotts represented the Women's Division of the Jacksonville Chamber of Commerce, sponsor of the contest in Morgan and Mr. Spotts represented the Morgan County Fair Association and the Journal Courier.

Miss Foster competed with the second group of 28 contestants at the evening session Sunday night at the St. Nicholas hotel.

Miss Illinois County Fair—1961 will be chosen from a list of nine finalists at a banquet this evening at the State Armory in Springfield.

Several members of the Morgan County Fair Association will attend the annual banquet at the Armory tonight to watch the successful candidate chosen.

### BEST DRIVERS

DALLAS, Tex. (P)—After giving aptitude tests to 20,000 drivers, Dr. Donald Schuster of the University of Southern California says married, former servicemen over 30 make the best drivers.

The worst drivers are unmarried teenagers and men who frequently change jobs.

Women appear to be better drivers than men, Dr. Schuster says, but they drive only a fifth the miles men do.

### WEDNESDAY CLASS JAN. 25

The regular meeting of Wednesday Class will be held at 3 p.m. Jan. 25th at the home of Mrs. W. L. Fay, Mound avenue.

## South Side Circle Votes 4 Honorary Memberships

Mrs. Harrison Weaver entertained the South Side Circle Jan. 20th at the Triple Flame west of the city. A guest, Mrs. Beatrice Pile of Springfield, was present.

During the business session it was voted by motion of Mrs. J. W. Hall due to the gracious assistance of daughters of some of the members of the club, that honorary memberships be extended to Miss Marguerita Schoedsack, daughter of Mrs. E. A. Schoedsack; Mrs. Hugh Green, city, and Mrs. Florea Tomlin, Springfield, daughters of Mrs. C. R. Short, and Mrs. Arthur French, daughter of Mrs. F. E. Deatherage.

Mrs. Schoedsack, program chairman, presented Mrs. Weaver, who gave a most interesting talk on "Miracle Fabrics." The speaker stated that natural fabrics could be classified as linen, woolen, cotton and silk, but in the 20th century we have come to enjoy many man-made fabrics. Manufacturers of these materials employ an estimated one-fifth of all working people the world over.

Manufacture of rayon, the first of such materials, started in 1910; this was followed by acetate rayon, less absorbent and more readily dyed and less subject to wrinkling.

In 1928 nylon fiber, made possible by DuPont chemists, came on the market. This was followed in 1940 by nylon hose, noted for durability and sheerness.

During World War Two nylon played a great part because of the strength of the fiber. Nitrogen, carbon, hydrogen and oxygen enter into the manufacture of nylon.

Dacron, a material of great strength also, has strong resistance to stretching and wrinkling. Materials made of these fibers have made a great change in the dress of the peoples of the world.

Delightful refreshments were served following the program. Mrs. J. W. Hall, assisted by Mrs. E. S. Hutson, will be hostesses for the next meeting to be held at the home of Mrs. Hall.

## One Below Zero In City Monday

One degree below zero was the spine-chilling story of Monday morning's temperature reading as the six day cold wave continued. The mercury dipped to that figure sometime during the night at the WILDS transmitter.

During the past week the weather has been a counterpart of the figures one year ago. The high Sunday was 20 degrees, exactly the same spot it reached one year ago. The low one year ago was even zero.

The present "cold snap" which has produced several zero readings started Jan. 19 after a light snowfall.

### KILLED AS CAR HITS POLE

HARRISBURG, Ill. (P)—A Carrier Mills, Ill., man was killed Sunday when his car sheared off a power pole and he was hurled 100 feet out of the auto.

The victim of the accident on Illinois 13 near Harrisburg was Everett Travelstead, 46, a miner. The car burst into flames after the accident.

Electrical power to four coal mines in the area and several businesses and residences west of Harrisburg was disrupted for about eight hours when lines broke in the accident.

## Exchange Club Officers

Roger Olson, center, was installed as president of the Jacksonville Exchange Club in ceremonies at the last meeting. Vernon Scholfield, left, past president, offers congratulations as Glenn Spencer, right, installing officer, places the president's pin on Olson's lapel.

The new officers of the club and their wives were guests of the membership at the Dunlap hotel for a dinner meeting.

## Conservation Authority Speaks To Garden Club

"Yours Is The Land" was the title of the film shown by Brockett R. Bates, informational representative of the Department of Conservation, Division of Parks and Memorials, State of Illinois, at the meeting Saturday afternoon at the Youth Center of the Morgan County Garden Club.

Val Wenk, who was to have spoken on Spring Planting and Conservation, suffered a heart attack recently, and Mr. Brockett was sent in his place.

"People like you have made possible the parks in Illinois," the speaker said, in his introductory remarks. He traced the history of state parks since 1903 when Dr. Blair of the University of Illinois, riding horseback in the vicinity of Ft. Massac, saw its possibilities and interested the D.A.R. in preserving the old fort. Working through the state legislature, the D.A.R. succeeded in reaching its objective, for the legislature appropriated the sum of \$3500 with which the necessary 20 acres of land was purchased.

"The first board of directors," he said, "had on it the governor, lieutenant governor, and auditor of the state and the president of the D.A.R. In five years, Illinois had its first state park. The second was Starved Rock which had already been used as a recreation area before it became a state park. "Emphasis at the present time is on man-made lakes in various parts of the state," he concluded.

### Public's Part

The film, produced by Encyclopedia Britannica, dealt with the part the people must play in conserving the earth's natural resources which have been seriously depleted because of man's ignorance, carelessness, and greed. Nature's balance between soil, water, plant and animal life has been upset and must be restored if we are to avoid reaching "land's end."

Miss Charlotte Sieber, music chairman, presented Mrs. Gaylord Swisher, who sang "Some Enchanted Evening" and "Younger Than Springtime" from South Pacific and "Oh What A Beautiful Morning" from Oklahoma. For an encore Mrs. Swisher sang "The Surrey With The Fringe On Top." Mrs. Donald Wood was her accompanist.

### Male Guests In February

Mrs. Roy T. Hopper, president, conducted the business session and announced that February will be Sweetheart Month when men who are guests of members will be admitted without fee. Courtney Crouch Wright, local landscape architect, will speak on George Washington As A Landscape Architect, and George A. Trull, Morgan County Farm Adviser, will give instructions for pruning small shrubs.

Mrs. Guy Emory led the pledge of allegiance to the flag, and Mrs. Earl Myers the club prayer.

### Individual Displays

Mrs. Frank Crawley displayed an arrangement on stone which featured a curved branch, yew, and dried flowers. Mrs. Crawley also exhibited plaques of plywood with seed pods in a corsage-type arrangement wired to them.

Mrs. Eugene Dodswordth had an arrangement reminiscent of Florida, a piece of driftwood glued to a wood base complemented with shells from Florida and ceramic flamingoes. Mrs. Dodswordth also prepared the spring arrangement used on the tea table, where Mrs. Dodswordth and Mrs. Frank Flynn presided.

Mrs. Victor Kruse was chairman of hostesses for the social hour, with Mrs. Mildred Beasley, co-chairman. Other members of the committee were Mrs. Dodswordth, Mrs. Flynn, Mrs. Emory, Mrs. Daniel Dietrick, Mrs. C. R. Dowland, Mrs. John Downing, Mrs. John Doyle, Mrs. Orin V. Duncan, Mrs. James Dunlap, Mrs. Mabel Dunnacan, Mrs. Bertha Dunnaway, Mrs. Lula Emery, Mrs. LeeRoy Fairchild, Mrs. Maude Fanning, Mrs. F. J. Ferry, Mrs. Ralph Floeth, Mrs. Louis Foster, and Mrs. Robert Foster.

Miss Candy Killam was the only guest present.

### Graveside Rites For John Edwards

## Snow Drifts To 18 Inches In Jersey County

JEERSEVILLE—Thermometers in the Jerseyville vicinity nosedived during the early hours of Sunday morning to produce the lowest January reading to date of two to five degrees below zero.

Snow driven by winds of 35 to 40 miles per hour arrived in the area in the form of squalls at intervals and drifts of more than eighteen inches were collected in some areas, by the gale.

Motor vehicle traffic was reduced to practically nothing along the main highways of the district.

## Calls For OK Of Khrushchev Plan For Disarmament

MOSCOW (P)—Mikhail Suslov, one of the Soviet Communist party's top theoreticians, has called again for adoption of Premier Khrushchev's plan for universal disarmament to "abolish the very possibility of waging wars."

The Soviet news agency Tass gave no indication that Suslov, in his speech to the party's Central Committee Jan. 18, proposed any system of checks or inspections such as the West demands.

"The time has come," Suslov said, "when it is possible to curb the attempts of imperialist aggressors to touch off a world war, when it is possible to avert it."

Suslov reported to the Central Committee on last November's summit meeting in Moscow of world Communist leaders. He reiterated the position taken at that conference by Khrushchev—that war is not inevitable.

## Lawton, Former Illinois Guard Commander, Dies

CHICAGO (P)—Samuel T. Lawton, 76, chairman of the City Zoning Board of Appeals and former commander of the Illinois National Guard, died Sunday in a hospital, where he had been under treatment for a heart disease since Dec. 14.

A veteran of two wars, Lawton was Illinois guard commander after World War II until August, 1946, when he retired to resume his law practice and joined the city zoning board. He became chairman in 1948.

He served in France during World War I, was named brigadier general in 1936 and took command of the 53rd Division as a major general in 1940.

Lawton also served as chairman of the state Armory Board and as a member of a state military advisory board during the Korean War.

He is survived by a brother, two sisters and three grandchildren. Services will be Tuesday in Chicago.

## Hold Bayless Funeral Sunday

Funeral services for Edgar Bayless were held Sunday afternoon at Williamson funeral home with Dr. Frank Marston of Grace Methodist church officiating.

Mrs. Gaylord Swisher was the soloist accompanied at the organ by Mrs.
